••

Operating Systems

MS Windows 7:	Specialist
MS-Windows 8:	Good working knowledge
MS Windows Vista:	Good working knowledge
Red Hat Enterprise Linux:	Basic knowledge
MS Windows Server 2000:	Basic knowledge
Unix:	Basic knowledge

Server

Apache Web Server:	Basic knowledge
MS Exchange Server:	Basic knowledge

Security

Encryption method:	Basic knowledge
VPN:	Basic knowledge

Database Systems

MySQL:	Very good working knowledge
Oracle:	Good working knowledge
MS Access:	Basic knowledge
MS SQL Server:	Basic knowledge

Adobe

Photoshop:	Very good working knowledge
Dreamweaver:	Very good working knowledge

More Layout programs

Microsoft Publisher:	Basic knowledge

Video editing programs
Adobe Premiere Pro: Basic knowledge

Network
LAN: Specialist
Wi-Fi: Very good working knowledge
WAN: Good working knowledge

Protocols
Protocols: Very good working knowledge
IMAP, SMTP, TCP / IP, DHCP, DNS, FTP, HTTP, HTTPs,
POP3, SFTP

Virtualization
Citrix XEN Server: Basic knowledge
VMWare: Basic knowledge

Hardware / Manufacturer
Hubs: Specialist
Switches: Specialist
Bridges: Good working knowledge
Gateways: Good working knowledge
CISCO: Knowledge

Telecommunications systems
ADSL: Specialist
Android: Specialist
GSM: Specialist
UMTS: Good working knowledge
VoIP: Good working knowledge
Bluetooth: Basic knowledge

Development environments
Polopoly: Specialist
Joomla: Good working knowledge
Eclipse: Basic knowledge
Visual Studio: Basic knowledge

Methods
UML: Very good working knowledge
MERISE: Very good working knowledge

Programming languages

CSS:	Specialist
HTML:	Specialist
JavaScript:	Very good working knowledge
PHP:	Very good working knowledge
SQL:	Very good working knowledge
ASP:	Good working knowledge
Java:	Good working knowledge
J2EE:	Good working knowledge
Visual Basic:	Good working knowledge
Visual Basic for Applications:	Good working knowledge
C / C ++:	Basic knowledge
C # / C.net:	Basic knowledge
Assembler:	Basic knowledge
Verilog:	Basic knowledge
VHDL:	Basic knowledge

IT project / activity fields

Network/Systems Management:	Very good working knowledge
QA / Testing:	Very good working knowledge
Database Development:	Good working knowledge
Security:	Good working knowledge
Software Development:	Good working knowledge

Application software

MS Power Point:	Specialist
MS Word:	Specialist
Internet Explorer:	Specialist
MS-Excel:	Very good working knowledge
MS Outlook:	Very good working knowledge
MS-Project:	Good working knowledge
MS Visio:	Good working knowledge

SAP users Skills

QM: Quality Management

Project and Practice Areas

Documentation, precision engineering, research & development, support, training

Sectors

Aerospace, automotive, electrical, industrial, Energy, food, precision engineering, IT Service, engineering, public service, Rail vehicle engineering, production, tool making
